LABOR READY NET INCOME INCREASED 22% IN 3rd QUARTER 2003
Company Estimates 40% Increase in 2003 Annual Net Income

TACOMA, WA – October 14, 2003 —Labor Ready, Inc. (NYSE:LRW) reported today that revenue for the third quarter ended September 26, 2003 rose 1.4% to \$254.5 million compared to revenue of \$250.9 million a year earlier. Net income increased 22% to \$10.3 million or \$0.22 per share, compared to net income of \$8.5 million or \$0.18 per share in the third quarter of 2002.

“We are pleased with the strong earnings results in the third quarter,” said Labor Ready President and CEO Joe Sambataro. “We are also encouraged by the sales momentum we saw at the end of September and the first weeks of October. We intend to continue to deliver solid earnings growth by holding gross margins and operating expenses steady while aggressively pursuing sales.”

According to Sambataro, the 22% increase in net income was a result of a combination of higher gross margins of 30.1%, as compared to 29.1% a year ago, and a continuation of expense management initiatives.

For the fourth quarter, the Company estimates net income will increase approximately 20% over the \$3.3 million of net income realized in the fourth quarter of 2002. Revenue for the fourth quarter is expected to be in the range of \$228 to \$233 million compared to \$223 million a year earlier.

The Company estimates net income for 2003 will increase approximately 40% over 2002 net income of \$11.6 million, while revenue for the year is expected to be in the range of \$870 to \$875 million compared to revenue of \$863 million in 2002.

Management will discuss third quarter 2003 results today on a conference call at 2:00 p.m. (PT). The conference call may be accessed on Labor Ready’s web site at www.LaborReady.com and will be available for replay for 30 days following the call.
