PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS
Wednesday, May 18, 2005

The Board of Directors of Labor Ready, Inc., a Washington corporation, is soliciting your proxy to vote your shares at the 2005 Annual Meeting of Shareholders of the Company to be held at 10:00 a.m. (Pacific Daylight Time) on Wednesday, May 18, 2005, at the corporate headquarters of Labor Ready, Inc., 1015 A Street, Tacoma, Washington, and at any adjournment thereof. This proxy statement contains the required information under the rules of the Securities and Exchange Commission and is designed to assist you in voting your shares.

Revocation of Proxies. If you execute a proxy, you will retain the right to revoke it at any time before it is voted. You may revoke or change your proxy before it is voted by: (i) sending a written revocation to the Corporate Secretary of the Company at P.O. Box 2910, Tacoma, WA 98401; (ii) submitting a proxy with a later date; (iii) delivering a written request in person to return the executed proxy; or (iv) attending and voting at the annual meeting. Your right to revoke your proxy is not limited by or subject to compliance with a specified formal procedure, but you should give written notice to the Secretary of the Company at or before the annual meeting so that the number of shares represented by proxy can be recomputed.

Voting of Proxies. If you properly execute and return the enclosed proxy card, the individuals named on the proxy card (your proxies) will vote your shares in the manner you indicate. We urge you to specify your choices by marking the appropriate box on the enclosed proxy card; if you sign and return the proxy card without indicating your instructions, your shares will be voted FOR PROPOSAL 1 (the election of directors nominated by the Board of Directors), FOR PROPOSAL 2 (ratification of selection of independent registered public accounting firm), and FOR PROPOSAL 3 (approval of Labor Ready, Inc. 2005 Long-Term Equity Incentive Plan) and with respect to any other business that may come before the meeting, as recommended by the Board of Directors. In the vote on the election of the director nominees (Proposal 1), you may vote "For" all or some of the nominees or your vote may be "Withheld" with respect to one or more of the nominees. For the proposals to ratify the selection of the Company's independent registered accounting firm (Proposal 2) and to approve the Company's 2005 Long-Term Equity Incentive Plan (the "Long-Term Equity Incentive Plan") (Proposal 3), you may vote "For," "Against" or "Abstain."

Quorum. A quorum is necessary to hold a valid meeting. If shareholders entitled to cast at least a majority of all the votes entitled to be cast at the annual meeting are present in person or by proxy, a quorum will exist. Shares represented by proxies containing an abstention as to any matter will be treated as shares that are present and entitled to vote for purposes of determining a quorum. Similarly, shares held by brokers or nominees for the accounts of others as to which voting instructions have not been given for that matter and for which the broker does not have discretionary voting authority for that matter ("Broker Non-Votes") will be treated as shares that are present and entitled to vote for purposes of determining a quorum. Brokers may exercise discretion to vote shares as to which instructions are not given with respect to the proposals regarding the election of directors and the ratification of the selection of the independent registered accounting firm. However, current New York Stock Exchange ("NYSE") rules prohibit discretionary voting with respect to equity compensation plans, such as the Long-Term Equity Incentive Plan.

Voting Requirements to Approve Each Proposal. Nominees for election as directors who receive the greatest number of votes cast will be elected directors. There is no cumulative voting for the Company's directors. The proposal to ratify the appointment of PricewaterhouseCoopers LLP as the Company's independent registered

accounting firm, and the proposal to approve the Long-Term Equity Incentive Plan, will be approved under Washington law if the number of votes cast "For" the matter exceeds the number of votes cast "Against" the matter. In addition to the Washington law requirement, the current rules of the NYSE require that the proposal to approve the Long-Term Equity Incentive Plan receive the affirmative "For" vote of a majority of the votes cast on this proposal, and that over 50% of the shares entitled to vote actually cast a vote on this proposal.

Effect of Abstentions, Withheld Votes and Broker Non-Votes. Abstentions, withheld votes and Broker Non-Votes will have no practical effect in the election of directors, in the ratification of appointment of PricewaterhouseCoopers LLP, or in the approval of the Long-Term Equity Incentive Plan (except as noted below) because abstentions, withheld votes and Broker Non-Votes do not represent votes cast "For" or "Against" the respective proposal. However, Broker Non-Votes do have an effect on the proposal to approve the Long-Term Equity Incentive Plan to the extent that Broker Non-Votes prevent us from satisfying the NYSE requirement that over 50% of the shares entitled to vote on the proposal must actually be cast on the proposal.

Record Date. Shareholders of record at the close of business on March 28, 2005 are entitled to vote at the annual meeting. On March 28, 2005, the Company had 42,737,349 shares of common stock outstanding. Each share of common stock entitles the holder thereof to one vote.

Discretionary Authority. If any nominee for director is unable to serve or for good cause will not serve, or if any matters not specified in this proxy statement come before the meeting, eligible shares will be voted as specified by the named proxies pursuant to discretionary authority granted in the proxy. At the time this proxy statement was printed, we were not aware of any other matters to be voted on.

Solicitation of Proxies. Proxies may be solicited by officers, directors and regular supervisory and executive employees of the Company, none of whom will receive any additional compensation for their services. In addition, the Company has retained Morrow & Co., Inc. to assist in the solicitation of proxies for a fee of \$5,500.

Mailing and Forwarding of Proxy Materials. On or about April 11, 2005, we mailed this proxy statement and the enclosed proxy card to shareholders. We will arrange with brokerage firms and other custodians, nominees and fiduciaries to forward proxy solicitation material to certain beneficial owners of the common stock and will reimburse such brokerage firms, custodians, nominees and fiduciaries for reasonable out-of-pocket expenses that they incur as a result of forwarding the proxy materials.

Executive Offices. The principal executive office of the Company is located at 1015 A Street, Tacoma, WA 98402. The mailing address of the principal executive office is P.O. Box 2910, Tacoma, WA 98401. The telephone number for the Company is (253) 383-9101.

PROPOSAL 2. RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has appointed PricewaterhouseCoopers LLP as the independent registered public accounting firm to audit the Company's consolidated financial statements for the fiscal year ending December 30, 2005. Representatives of PricewaterhouseCoopers LLP will be present at the annual meeting to make a statement if they desire to do so and respond to appropriate questions by shareholders. The ratification of the Board's selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 30, 2005 will be approved if the number of votes cast in favor of the ratification exceeds the numbers of votes cast against ratification. **Proxies will be**

voted "FOR" the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered accounting firm for fiscal 2005 unless other instructions are indicated on your proxy. In the event shareholders do not ratify the appointment, the Audit Committee will reconsider the appointment. The Audit Committee reserves the right to change its independent registered public accounting firm without seeking shareholder approval if it determines that such change is in the best interests of the Company.

Fees Paid to Independent Registered Public Accounting Firm for Fiscal 2004 and 2003

PricewaterhouseCoopers LLP provided audit and other services in the following categories and was paid the following amounts:

	2004	2003

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

The Audit Committee pre-approves all audit and non-audit services provided by the independent registered public accounting firm prior to the engagement of the independent accountants with respect to such services. The Company's independent accountants may be engaged to provide non-audit services only after the Audit Committee has first considered the proposed engagement and has determined in each instance that the proposed services are not prohibited by applicable regulations and the accountants' independence will not be materially impaired as a result of having provided such services. In making this determination, the Audit Committee shall take into consideration whether a reasonable investor, knowing all relevant facts and circumstances, would conclude that the accountants' exercise of objective and impartial judgment on all issues encompassed within the accountants' engagement would be materially impaired. The Audit Committee may delegate its approval authority to pre-approve services provided by the independent accountants to one or more of the members of the Audit Committee, provided that any such approvals are presented to the Audit Committee at its next scheduled meeting.

PROPOSAL 3. APPROVAL OF LABOR READY, INC. 2005 LONG-TERM EQUITY INCENTIVE PLAN

General Information

On February 16, 2005, the Board of Directors ("Board") of Labor Ready, Inc. (the "Company") adopted, subject to shareholder approval, the Labor Ready, Inc. 2005 Long-Term Equity Incentive Plan (the "2005 Plan"). The purposes of the 2005 Plan are:

- to attract and retain the most talented employees, officers, directors, and consultants available, and
- to promote the growth and success of our business by aligning the long-term interests of employees, officers, directors, and consultants with those of our shareholders by providing an opportunity to acquire

an interest in our business, and by providing rewards for exceptional performance and long-term incentives for future contributions to our success.

We currently award stock options and other stock awards to employees, officers and directors through the Labor Ready, Inc. 2000 Stock Option Plan and the Labor Ready, Inc. 1996 Stock Option and Incentive Plan (collectively referred to as the "Current Plans"). As of April 11, 2005 the Company had an aggregate of approximately 855,000 shares remaining for future awards under the Current Plans. No further awards will be made pursuant to the Current Plans upon shareholder approval of the 2005 Plan, and the remaining shares available for future awards will be issued in connection with awards made pursuant to the 2005 Plan.

The 2005 Plan permits the grant of the following awards:

- nonqualified stock options
- incentive stock options
- restricted stock
- restricted stock units
- stock appreciation rights ("SARs")

The flexibility of the 2005 Plan in types and specific terms of awards will allow future awards to be based on then-current objectives for aligning compensation with shareholder value.

The following is a summary of the material terms of the 2005 Plan and is qualified in its entirety by reference to the 2005 Plan. A copy of the 2005 Plan is attached to this proxy statement as Appendix A.

Summary of the 2005 Plan

Administration

The Compensation Committee (the "Committee") will administer the 2005 Plan. The Committee will have authority to determine when and to whom awards will be granted, including the type, amount, form of payment and other terms and conditions of each award, consistent with the provisions of the 2005 Plan. In addition the Committee has the authority to interpret the 2005 Plan and the awards granted under the plan, and establish rules and regulations for the administration of the plan. The Committee may delegate the administration of the plan to the one or more subcommittees consisting of members of the Committee or our independent directors.

Eligible Participants

Any employee, officer, consultant or director providing services to the Company or to any affiliate of the Company is eligible to be selected to receive awards under the 2005 Plan. As of the date of this proxy statement approximately 2,900 employees, officers and directors were eligible as a class to be selected to receive awards under the 2005 Plan.

Shares Available for Awards

The aggregate number of shares of the Company's common stock ("Common Stock") that may be issued as awards under the 2005 Plan will be 5.5 million shares, which includes approximately 855,000 shares of Common Stock currently available for issuance under the Current Plans and approximately 4,645,000 additional shares of Common Stock. The aggregate number of shares of Common Stock which may be granted to any one participant in any one year under the 2005 Plan is 1 million. The maximum aggregate number of shares of Common Stock which may be granted as incentive stock options is 4 million. The Committee may adjust the aggregate number of shares reserved for issuance under the Plan in the case of a stock dividend or other distribution, including a stock split, merger, extraordinary dividend, or other similar corporate transaction or event, in order to prevent dilution or enlargement of the benefits or potential benefits intended to be provided under the 2005 Plan.

If any shares of Common Stock related to an award granted under the Current Plans or the 2005 Plan are forfeited or become unexercisable, or if any award terminates without the delivery of any shares, the shares of Common Stock previously set aside for such awards will be available for future awards under the 2005 Plan. The

5

aggregate number of shares of Common Stock that may be issued under the 2005 Plan will be reduced by (i) 1.5 shares for each share delivered in settlement of any award of restricted stock, restricted stock unit or stock appreciation right ("SAR") and (ii) one share for each share delivered in settlement of an option.

Stock Options

The holder of an option will be entitled to purchase a number of shares of Common Stock at a specified exercise price (which may not be less than the fair market value of the underlying shares on the date of grant) during a specified time period, all as determined by the Committee. The option exercise price may be payable either in cash or, at the discretion of the Committee, in shares of our Common Stock.

Restricted Stock and Restricted Stock Units

The holder of restricted stock will own shares of Common Stock subject to forfeiture to the Company if the holder does not satisfy certain requirements (including, for example, continued employment with the Company) for a specified period of time. The holder of restricted stock units will have the right, subject to any restrictions imposed by the Committee, to receive shares of Common Stock, or a cash payment equal to the fair market value of those shares, at some future date determined by the Committee, provided that the holder has satisfied certain requirements (including, for example, continued employment with the Company until such future date).

The awards of restricted stock and restricted stock units that are intended to qualify as "performance based compensation" within the meaning of Section 162(m) of the Internal Revenue Code will be subject to the attainment of performance goals relating to the performance criteria selected by the Committee as permitted under the 2005 Plan.

Stock Appreciation Rights

Participants may be granted tandem SARs (consisting of SARs with underlying options) and stand-alone SARs. The holder of a tandem SAR is entitled to elect between the exercise of the underlying option for shares of Common Stock or the surrender of the option in exchange for the receipt of a payment (in cash, Common Stock or both) equal to the excess of the fair market value on the surrender date over the aggregate exercise price payable for such shares. The holder of stand-alone SARs will be entitled to receive (in cash, Common Stock or both) the excess of the fair market value (on the exercise date) over the exercise price for such shares.

Termination of Employment

Unless otherwise provided in the applicable award agreement or any severance agreement, vested options granted under the 2005 Plan will expire, terminate, or otherwise be forfeited as follows:

- ninety (90) days after the date of termination of a participant's employment, other than in the circumstances described below;
- immediately upon termination of a participant for cause (as may be defined in a subplan or award agreement);
- twelve (12) months after the date on which a participant suffers Disability (as defined in the 2005 Plan); and
- twelve (12) months after the death of a participant if such participant's employment had not previously been terminated.

Duration, Termination and Amendment

The 2005 Plan will terminate on the tenth anniversary of the date the Company's shareholders approve the plan, unless terminated by the Board or the Committee earlier, or extended by an amendment approved by the Company's shareholders. No awards may be made after the termination date. However, unless otherwise expressly provided in an applicable award agreement, any award granted under the 2005 Plan prior to the expiration may extend beyond the end of such period through the award's normal expiration date.

The Board and the Committee may generally amend or terminate the plan as determined to be advisable. Shareholder approval may also be required for certain amendments by the Internal Revenue Code, the rules of NYSE, or rules of the Securities and Exchange Commission. The Board or the Committee has specific authority to amend the 2005 Plan without shareholder approval to comply with legal, regulatory and listing requirements

6

and to avoid unanticipated consequences determined to be inconsistent with the purpose of the 2005 Plan or any award agreement.

Prohibition on Repricing Awards

Without the approval of the Company's shareholders, no option or SAR may be amended to reduce its exercise price or grant price and no option or SAR may be canceled and replaced with an option or SAR having a lower exercise price.

Transferability of Awards

Unless otherwise provided by the Committee, awards under the 2005 Plan may only be transferred by will or the laws of descent and distribution. The Committee may permit further transferability pursuant to conditions and limitations that it may impose.

Federal Income Tax Consequences

The federal income tax consequences of awards under the 2005 Plan to the Company and the Company's employees, officers, directors, and consultants are complex and subject to change. The following discussion is only a summary of the general rules applicable to the 2005 Plan.

Under new Section 409A of the Internal Revenue Code of 1986, as amended (the "Code"), enacted as part of the American Jobs Creation Act of 2004, recipients of certain equity compensation awards (including certain types of stock appreciation rights and restricted stock units) may be subject to a burdensome taxation regime. If Section 409A were to apply to awards under the 2005 Plan, the affected participants may be required to recognize ordinary income for tax purposes earlier than the times otherwise applicable as described in the discussion below and to pay substantial penalties. The 2005 Plan allows for the issuance of certain of these types of awards for purposes of giving the Company maximum flexibility. However, the Company does not intend to issue any awards that would be subject to Section 409A until the new rules have been revised or clarified. Furthermore, the Board and the Committee generally have the authority to amend the 2005 Plan as they deem necessary to comply with applicable laws, including Section 409A. Therefore, the following discussion does not specifically address the potential impact of Section 409A on the various awards.

Options

Options granted under the 2005 Plan may be either incentive stock options or nonqualified stock options. Incentive stock options are options which are designated as such by the Company and which meet certain requirements under Section 422 of the Code and the regulations thereunder. Any option which does not satisfy these requirements will be treated as a nonqualified stock option.

Incentive Stock Options

If an option granted under the 2005 Plan is treated as an incentive stock option, the optionee will not recognize any income upon either the grant or the exercise of the option, and the Company will not be entitled to a deduction for federal tax purposes. Upon a sale of the shares, the tax treatment to the optionee and the Company will depend primarily upon whether the optionee has met certain holding period requirements at the time he or she sells the shares. In addition, as discussed below, the exercise of an incentive stock option may subject the optionee to alternative minimum tax liability.

If an optionee exercises an incentive stock option and does not dispose of the shares received within two years after the date the option was granted or within one year after the transfer of the shares to him or her, any gain realized upon the disposition will be characterized as long-term capital gain and, in such case, the Company will not be entitled to a federal tax deduction.

If the optionee disposes of the shares either within two years after the date the option is granted or within one year after the transfer of the shares to him or her, the disposition will be treated as a disqualifying disposition and an amount equal to the lesser of (1) the fair market value of the shares on the date of exercise minus the exercise price, or (2) the amount realized on the disposition minus the exercise price, will be taxed as ordinary income to the optionee in the taxable year in which the disposition occurs. (However, in the case of gifts, sales to related parties, and certain other transactions, the full difference between the fair market value of the stock and

the purchase price will be treated as compensation income). The excess, if any, of the amount realized upon disposition over the fair market value at the time of the exercise of the option will be treated as long-term capital gain if the shares have been held for more than one year following the exercise of the option.

The exercise of an incentive stock option may subject an optionee to alternative minimum tax liability. The excess of the fair market value of the shares at the time an incentive stock option is exercised over the purchase price of the shares is included in income for purposes of the alternative minimum tax even though it is not included in taxable income for purposes of determining the regular tax liability of an employee. Consequently, an optionee may be obligated to pay alternative minimum tax in the year he or she exercises an incentive stock option.

In general, the Company will not be entitled to a federal income tax deduction upon the grant, exercise, or termination of an incentive stock option. However, in the event an optionee sells or otherwise disposes of the stock received on the exercise of an incentive stock option in a disqualifying disposition, the Company will be entitled to a deduction for federal income tax purposes in an amount equal to the ordinary income, if any, recognized by the optionee upon disposition of the shares, provided that the deduction is not otherwise disallowed under the Code.

Nonqualified Stock Options

Nonqualified stock options granted under the 2005 Plan do not qualify as "incentive stock options" and will not qualify for any special tax benefits to the optionee. An optionee generally will not recognize any taxable income at the time he or she is granted a nonqualified option. However, upon exercise, the optionee will recognize ordinary income for federal tax purposes measured by the excess of the then fair market value of the shares over the exercise price. The income realized by the optionee will be subject to income and other employee withholding taxes.

The optionee's basis for determination of gain or loss upon the subsequent disposition of shares acquired upon the exercise of a nonqualified stock option will be the amount paid for such shares plus any ordinary income recognized as a result of the exercise of such option. Upon disposition of any shares acquired pursuant to the exercise of a nonqualified stock option, the difference between the sale price and the optionee's basis in the shares will be treated as a capital gain or loss and generally will be characterized as long-term capital gain or loss if the shares have been held for more than one year at the time of their disposition.

In general, the Company will not be entitled to a federal income tax deduction upon the grant or termination of a nonqualified stock option or a sale or disposition of the shares acquired upon the exercise of a nonqualified stock option. However, upon the exercise of a nonqualified stock option, the Company will be entitled to a deduction for federal income tax purposes equal to the amount of ordinary income that an optionee is required to recognize as a result of the exercise, provided that the deduction is not otherwise disallowed under the Code.

Restricted Stock and Restricted Stock Units

Generally, the holder of restricted stock will recognize ordinary compensation income at the time the stock becomes vested. The amount of ordinary compensation income recognized will be equal to the excess, if any, of the fair market value of the stock on the date it becomes vested over any amount paid by the holder in exchange for stock.

In the case of restricted stock units, the holder will recognize ordinary compensation income at the time the stock is received equal to the excess of value of the stock on the date of receipt over any amount paid by the holder in exchange for stock. If the holder of a restricted stock unit receives the cash equivalent of the stock issuable under the restricted stock unit in lieu of actually receiving the stock, the recipient will recognize ordinary compensation income at the time of the receipt of such cash in the amount of the cash received. In the case of both restricted stock and restricted stock units, the income recognized by the holder will generally be subject to U.S. income tax withholding and employment taxes.

In the year that the recipient of a stock award recognizes ordinary taxable income in respect of restricted stock or a restricted stock unit, the Company will be entitled to a deduction for federal income tax purposes equal

to the amount of ordinary income that the recipient is required to recognize, provided that the deduction is not otherwise disallowed under the Code.

Stock Appreciation Rights

As discussed above, the Company may grant either stand-alone SARs or tandem SARs under the 2005 Plan. Generally, the recipient of a SAR will not recognize any taxable income at the time the SAR is granted.

With respect to stand-alone SARs, if the holder receives the appreciation inherent in the SARs in cash, the cash will be taxable as ordinary compensation income to the employee at the time that it is received. If the holder receives the appreciation inherent in the stand-alone SARs in stock, the holder will recognize ordinary compensation income equal to the excess of the fair market value of the stock on the day it is received over any amounts paid by the holder for the stock.

With respect to tandem SARs, if a holder elects to surrender the underlying option in exchange for cash or stock equal to the appreciation inherent in the underlying option, the tax consequences to the holder will be the same as discussed above relating to stand-alone SARs. If the holder elects to exercise the underlying the option, the holder will be taxed at the time of exercise as if he or she had exercised a nonqualified stock option (discussed above), i.e., the holder will recognize ordinary income for federal tax purposes measured by the excess of the then fair market value of the shares of stock over the exercise price.

The income recognized by the holder of a stand-alone SAR or tandem SAR will generally be subject to U.S. income tax withholding and employment taxes.

In general, the Company will not be entitled to a federal income tax deduction upon the grant or termination of stand-alone SARs or tandem SARs. However, upon the exercise of either a stand-alone SAR or a tandem SAR, the Company will be entitled to a deduction for federal income tax purposes equal to the amount of ordinary income that the employee is required to recognize as a result of the exercise, provided that the deduction is not otherwise disallowed under the Code.

GOVERNANCE OF THE COMPANY

Meetings and Committees of the Board

Board of Directors. The Board of Directors consists of a majority of “independent directors” as such term is defined in the New York Stock Exchange (“NYSE”) corporate governance standards. The Board of Directors has determined that Messrs. McChesney, Schafer, Sullivan, Steele* and Grinstein and Ms. McKibbin do not have a material relationship with the Company and are independent within the meaning of the Company’s director independence standards. These standards reflect exactly the NYSE director independence standards, as currently in effect. The Board of Directors met nine times during fiscal year 2004. The non-management directors regularly meet in executive session, at which the Chairman of the Board presides. Each director is expected to attend the Company’s Annual Meeting of Shareholders. Last year all then current directors attended the Company’s 2004 Annual Meeting of Shareholders.

Compensation Committee. The Board of Directors has appointed the Compensation Committee to review and recommend executive compensation and to serve as the administrative committee for the Company’s stock option and stock purchase plans. The Compensation Committee, which currently consists of Mr. McChesney, who chairs the committee, Ms. McKibbin and Mr. Steele, met six times during fiscal year 2004. The Board of Directors has adopted a charter governing the duties and responsibilities of the Compensation Committee. A copy of the Compensation Committee charter is available on the Company’s website at www.laborready.com. The report of the Compensation Committee is included in this proxy statement on page 19.

* Mr. Steele is a director and former executive of ABM Industries, a customer of ours. Our Board has determined that this relationship is not material because annual revenues from ABM are less than 2% of ABM’s consolidated annual gross revenues.

Audit Committee. The Board of Directors has appointed the Audit Committee to consider the adequacy of our internal controls and the integrity of our financial reporting. The Audit Committee is also responsible for appointing, approving the fee arrangements of, and monitoring the independence, qualifications and performance of, the Company’s independent registered public accounting firm. The Audit Committee, which currently consists of Mr. Schafer, who chairs the committee, and Messrs. Sullivan and Grinstein, met eight times during fiscal year 2004. The Board of Directors has affirmatively determined that: (a) each member of the Audit Committee is “independent” within the meanings of Rule 10A-3 of the Securities and Exchange Act of 1934, as amended, and the corporate governance rules of the New York Stock Exchange; (b) no member of the committee has a material relationship with the Company; (c) each member of the committee is “financially literate” under the listing standards of the New York Stock Exchange; and (d) each member of the committee is an “audit committee financial expert” as such term is defined in Item 401 of Regulation S-K. The board has also determined that Mr. Grinstein’s service on more than three public company audit committees does not impair his ability to serve on our Audit Committee.

The Board of Directors has adopted a charter governing the duties and responsibilities of the Audit Committee. A copy of the Audit Committee charter is available on the Company’s website at www.laborready.com. The report of the Audit Committee is included in this proxy statement on page 21.

Corporate Governance and Nominating Committee. The Board of Directors has appointed the Corporate Governance and Nominating Committee, which is responsible for (i) nominating directors consistent with criteria approved by the Board, (ii) establishing guidelines on the composition and function of Board committees, (iii) developing and recommending to the Board of Directors corporate governance principles applicable to the Company and (iv) overseeing the evaluation of the Board and management. The Corporate Governance and Nominating Committee, which currently consists of Mr. Steele, who chairs the committee, Messrs. Schafer, Sullivan, McChesney and Grinstein and Ms. McKibbin, met four times during 2004. Each of the members of the Corporate Governance and Nominating Committee is independent within the meaning of the NYSE corporate governance rules. The Board of Directors has adopted a charter governing the duties and responsibilities of the Corporate Governance and Nominating Committee. A copy of the Corporate Governance and Nominating Committee charter is available on the Company’s website at

Executive Committee. The Board of Directors has appointed an Executive Committee, to which is delegated the authority to act on behalf of the Board of Directors as necessary when the Board is not in session and it would be impractical to call a meeting of the Board. The Executive Committee, which currently consists of Mr. Sullivan, who chairs the committee, and Messrs. McChesney, Steele, Grinstein and Sambataro, met twelve times during fiscal year 2004.

Consideration of Director Nominees. The Corporate Governance and Nominating Committee will consider director candidates recommended by shareholders. Candidates recommended by shareholders are evaluated on the same basis as are candidates recommended by the Corporate Governance and Nominating Committee. Any shareholder wishing to nominate a candidate should provide the following information in a letter addressed to the Chairman of the Corporate Governance and Nominating Committee in care of the Company's General Counsel no later than 120 days prior to the corresponding date on which the Company's annual proxy statement was mailed in connection with the most recent annual meeting: (i) the name and address of the shareholder recommending the person to be nominated, (ii) a representation that the shareholder is a holder of record of stock of Labor Ready, including the number of shares held and the period of holding, (iii) a description of all arrangements or understandings between the shareholder and the recommended nominee, (iv) information as to any plans or proposals of the type required to be disclosed in Schedule 13D (i.e., plans involving acquisitions of Labor Ready's securities and/or plans involving a potential merger or change of control transaction) and any proposals that the nominee proposes to bring to the Board of Directors if so elected, (v) any other information regarding the recommended nominee as would be required to be included in a proxy statement filed pursuant to Regulation 14A promulgated by the Securities Exchange Commission pursuant to the Securities Exchange Act of 1934 and (vi) the consent of the recommended nominee to serve as a director of Labor Ready if so elected. Additional information may be requested to assist the Corporate Governance and Nominating Committee in determining the eligibility of a proposed candidate to serve as a director. This may include requiring that a

prospective nominee complete a director and officer questionnaire and provide any follow-up information requested. In addition, the notice must meet all other requirements contained in Labor Ready's Bylaws, if any.

Board Membership Criteria. Our Corporate Governance Guidelines adopted by our Board of Directors, a copy of which is available at the Company's website at www.laborready.com and available without charge to shareholders upon request to Investor Relations, Labor Ready, Inc., P.O. Box 2910, Tacoma, WA 98401, include the criteria our Board believes are important in the selection of director nominees. While the Board has not established any minimum qualifications for nominees, the Board does consider the composition of the Board as a whole, the requisite characteristics (including independence, diversity, experience in industry, finance, administration and operations) of each candidate, and the skills and expertise of its current members taking into account the overall operating efficiency of the Board and its committees.

In June 2004, the Corporate Governance and Nominating Committee renewed its focus on actively developing a list of qualified Board candidates. A preliminary list of eight candidates was developed. Following an interview and vetting process by the Committee, three candidates were presented to the Board for consideration. The culmination of this process was that Mr. Keith Grinstein was appointed to the Board in November 2004, bringing the total number of directors to seven.

Committee Membership. The Board appoints committee chairs and members on an annual basis with consideration given to the qualifications and preferences of individual directors. In its deliberations, the Corporate Governance and Nominating Committee is aware that (i) each member of the Audit Committee must be financially literate, as such qualification is interpreted by the Board in its business judgment, (ii) each member of the Corporate Governance and Nominating Committee, the Audit Committee and the Compensation Committee must be independent within the meaning of the NYSE corporate governance rules, (iii) each member of the Audit Committee must meet the independence standards set forth in Rule 10A-3 of the Securities and Exchange Act of 1934, as amended, and (iv) at least one member of the Audit Committee must be a person who satisfies the definition of an "audit committee financial expert" as set out in Item 401 of Regulation S-K.

Process for Identifying and Evaluating Nominees. The Corporate Governance and Nominating Committee may employ a variety of methods for identifying and evaluating nominees for director. The Corporate Governance and Nominating Committee regularly assesses the size of the Board, the need for particular expertise on the Board, the upcoming election cycle of the Board and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated or arise, the Corporate Governance and Nominating Committee considers various potential candidates for director which may come to the Corporate Governance and Nominating Committee's attention through current Board members, professional search firms, shareholders or other persons. These candidates will be evaluated at regular or special meetings of the Corporate Governance and Nominating Committee, and may be considered at any time during the year.

The Corporate Governance and Nominating Committee will consider candidates recommended by shareholders when the nominations are properly submitted, under the criteria summarized above in "Consideration of Director Nominees." Included in this discussion is a description of the deadlines and procedures for shareholder submissions of director nominees. Following verification of the shareholder status of persons proposing candidates, the Corporate Governance and Nominating Committee will make an initial analysis of the qualifications of any candidate recommended by shareholders or others pursuant to the criteria summarized above to determine whether the candidate is qualified for service on the Board, before deciding to undertake a complete evaluation of the candidate. If a shareholder or professional search firm in connection with the nomination of a director candidate provides any materials, such materials will be forwarded to the Corporate Governance and Nominating Committee as part of its review. If the Corporate Governance and Nominating Committee determines that additional consideration is warranted, it may request the third-party search firm to gather additional information about the prospective nominee's background and experience and to report its findings to the Corporate Governance and Nominating Committee. Other than the verification of compliance with procedures and shareholder status, and the initial analysis performed by the Corporate Governance and Nominating Committee, the Corporate Governance and Nominating Committee will treat a potential candidate nominated by a shareholder like any other potential candidate during the review process. In connection with this

evaluation, the Corporate Governance and Nominating Committee will determine whether to interview the prospective nominee, and if warranted, one or more members of the Corporate Governance and Nominating Committee, and others as appropriate, will interview prospective nominees in person or by telephone. After completing this evaluation and interview, the Corporate Governance and Nominating Committee will make a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board will determine the nominees after considering the recommendation and report of the Corporate Governance and Nominating Committee.

Equity Compensation Plans

We maintain several plans pursuant to which incentive and non-qualified stock options and restricted stock have been granted in the past and may be granted in the future. Participation in these plans is generally limited to our full-time employees and our directors. The option exercise price of all options granted under our plans has been 100% of the fair market value on the date of grant. The majority of these options vest evenly over a four-year period from the date of grant and expire if not exercised within five years after the date of grant. We also have an employee stock purchase plan (ESPP) under which employees may purchase our shares at a discount to their market value, as more fully described below.

The following table summarizes information, as of December 31, 2004, relating to equity compensation plans of the Company pursuant to which grants of options, restricted stock, SARs or other rights to acquire shares may be granted from time to time.

(1) Equity compensation plans not approved by security holders include the following:

Labor Ready, Inc. 2000 Stock Option Plan. This is a broadly based plan, which provides for the issuance of non-qualified stock options to directors, officers and employees of the Company. The Board or a committee of the Board administers the plan. The exercise price for options issued under the plan must not be less than 100% of the fair market value of the Company's common stock on the grant date. As of the end of 2004, there were 365 shares available for future issuance under this plan.

Labor Ready, Inc. 2002 U.K. Stock Option Plan. This is a "sub-plan" of the 2000 Stock Option Plan discussed above, which provides for the issuance of non-qualified stock options to officers and employees of the Company's UK subsidiary. The plan is administered by the Board or a committee of the Board. The exercise price for options issued under the plan must not be less than 100% of the fair market value of the Company's common stock on the grant date. The plan limits the amount of options that may be granted to any grantee under the plan, by providing that the aggregate fair market value of common stock underlying all such options held by a grantee (measured as of the grant dates) cannot exceed £30,000. As of the end of 2004, there were 120 shares available for future issuance under this plan.

(2) Equity compensation plans approved by security holders include the following:

1996 Labor Ready Employee Stock Option and Incentive Plan. This plan applies to directors, officers and employees of the Company and permits the granting of non-qualified and incentive stock options, restricted shares, stock appreciation rights and other stock based awards. The Board or a committee of the Board administers this plan. As of the end of 2004, there were 784 shares available for future issuance under this plan.

(3) Employee stock purchase plans approved by security holders include the following:

1996 Labor Ready Employee Stock Purchase Plan. This plan provides an opportunity for regular employees who have met certain service qualifications to purchase shares of our common stock through payroll deductions of up to 10% of eligible after-tax compensation. These deductions are used to purchase shares of our common stock at 85% of the fair market value of our common stock as of either the first day or last day of each month, whichever is less. As of the end of 2004, there were 672 shares available for future issuance under this plan.

Compensation Committee Report on Executive Compensation*

The Company's executive compensation is determined by a Compensation comprised of three independent members of the Board of Directors. Members of the Compensation Committee currently include Mr. McChesney, who chairs the committee, and Ms. McKibbin and Mr. Steele.

Executive Compensation Policies for 2004 and 2005

The Company's executive compensation policies are designed and implemented to attract, motivate and retain senior executives. In December 2003 the Compensation Committee engaged an outside compensation consultant from a national firm to advise them on restructuring the Company's short-term and long-term incentive plans for senior executives. The consultant did extensive research and analysis and met with the Committee numerous times over a period of months. The Committee has continued to work with the consultant in revising and implementing the Company's executive compensation. Based on the Board's feedback and further research, the Committee prepared final recommendations for executive base compensation and short-term and long-term executive incentive plans that were approved by all of the independent members of the Board of Directors in March 2004 and were further modified in December 2004.

The Company's compensation philosophy primarily rewards Company performance but also involves an independent evaluation of individual performance. As described below, the short-term incentive plan and the stock option portion of the long-term incentive plan are directly linked to Company performance. The combination of base salaries and the short-term and long-term incentive plans are intended to provide an opportunity for executives to earn competitive compensation which is closely linked to overall Company performance. As described below, the three components are designed to provide executive compensation that is competitive and is expected to generally place the executives at or near the mid-point for total compensation paid to executives by similar companies in related industries. However, the Committee exercises objective judgments in establishing the base compensation, targets and equity awards described below.

* The report of the Compensation Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under either the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended (together, the "Acts"), except to the extent that the Company specifically incorporates such report by reference; and further, such report shall not otherwise be deemed filed under the Acts.

The Committee has adopted the practice of regularly reviewing a summary of all direct and indirect compensation paid to the executive officers and has concluded that the total compensation is reasonable and not excessive.

Base Compensation

In setting base salaries the Committee reviewed information compiled from three different compensation surveys selected by its independent consultant involving companies in related industries with similar annual revenues. After review of the information provided by the independent consultant retained by the Committee, discussion with the CEO with respect to the other executive officers and the application of the collective subjective judgments of the Committee relating to the executives' prior performance and experience, base salaries were set at levels generally at or near the mid-point for the combined three surveys.

Short-Term Incentive Plan

The short-term incentive plan adopted in 2003 was revised for 2004 and again for 2005. For each year the Committee establishes performance targets which are based on the increase in net after-tax profit over the corresponding profit measurement in the prior year. For 2005 this measurement will be determined without deduction for equity based compensation expense because these charges will be implemented in mid-year 2005 and the rules for applying such charges remain uncertain. Individual target bonuses will continue to range from 25% to 45% of base compensation. Bonuses will continue to be subject to thresholds, targets and maximums similar to 2003 and 2004. Thus, no bonus will be earned unless the Company achieves a significant increase in net after-tax profit. Once the base amount is determined an individual multiplier may be applied. In 2004 the available range was 0.8 to 1.2, and in 2005 the available range will be 0.5 to 1.2. The purpose of the multiplier is to be able to make adjustments for variations in individual performances based on the subjective review of the Committee. After applying the multiplier, the maximum payout is 50% of base salary for each executive. At least 25% of the payment must be made in restricted stock.

Long-Term Equity Incentive Plan

The long-term equity incentive plan, which was first implemented in 2004 as part of the Committee's study and overall revisions to executive compensation that commenced in 2003, consists of annual grants of restricted stock and stock options together with ownership retention requirements. The Committee in conjunction with its independent consultant, after a review of data compiled from the same three compensation studies described above for base salaries, determined that the annual equity grants should be set at multiples of base compensation ranging from 1.0 to 1.5 depending upon the executive position and experience and the subjective evaluations of the Committee. The long-term equity incentive plan calls for a 50/50 mix of restricted stock and stock options based on relative values of the two forms of equity compensation using Black-Scholes based valuation methods for the options and a conversion factor of .31 for the restricted stock portions. Executives are required to retain 75% of the net shares received through Company options exercises or restricted stock vesting, less an amount equal to the value of shares that would need to be sold to pay taxes due and the option exercise price. The ownership retention period for awards received in 2004 was phased in at 2 years and will be 4 years for awards granted at the beginning of 2005 and thereafter. The use of both stock options and restricted stock along with the new retention requirements aligns executive compensation very closely to the performance of the Company by providing an incentive for the executives to increase the value of its stock above present levels. The use of restricted stock aligns executive and shareholder interests regardless of the increase or decrease in the market value of the Company's stock. The Board of Directors continues to encourage executives to achieve and retain significant direct ownership of Company stock.

CEO Compensation

The CEO's base compensation of \$500,000 for 2004 was set by an employment contract entered into in October 2001. Under the short-term incentive plan described above, a target bonus was established for the CEO of 45% of base compensation if net after-tax, pre-bonus earnings for the Company increased 40% or more above the same profit measure in the prior year subject to a maximum payment of 50% after application of the multiplier. The CEO's bonus was subject to an individual performance multiple of 0.8 to 1.2 as determined by the

Committee and approved by all independent directors. Based on a 110% increase in net after-tax earnings in 2004, the CEO earned the maximum bonus of \$250,000. The final determination of the CEO's bonus was reviewed and approved by the Committee and the Board of Directors in executive session without participation by the CEO.

In December 2004 a new employment agreement was executed with the CEO which provides for annual base compensation of \$535,000. The CEO's participation in the short-term and long-term compensation plans will be the same as described above for other named executive officers, with his target incentive under the short-term incentive plan being set at 45% and his equity awards being set at a multiple of 1.5 times his base salary.

Other Information: Tax Law Limits on Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code eliminates the Company's ability to deduct certain compensation over \$1 million paid to the named executives unless such compensation is based on performance objectives meeting certain criteria or is otherwise excluded from the limitation. The Committee believes that it is generally in the Company's best interests to comply with Section 162(m) and expects that most of the compensation paid to the named executives will either be under the \$1 million limit, eligible for exclusion, such as stock options, or based on qualified performance objectives. However, notwithstanding this general policy, the Committee also believes that there may be circumstances in which the Company's interests are best served by maintaining flexibility in the way compensation is provided, whether or not compensation is fully deductible under Section 162(m). Accordingly, it is possible that some compensation paid to named executive officers may not be deductible such as the restricted stock portion of the long-term equity incentive plan.

Audit Committee Report*

The Audit Committee is comprised of three independent members of the Board of Directors. Members of the Audit Committee currently include Mr. Schafer, who chairs the committee, and Messrs. Sullivan and Grinstein. The Board of Directors has affirmatively determined that each member of the committee is "financially literate" under the listing standards of the New York Stock Exchange, and is an "audit committee financial expert" as such term is defined in Item 401 of Regulation S-K.

The Audit Committee met eight times in 2004. Over the course of these meetings, the Audit Committee met with the Company's chief executive officer, chief financial officer, other senior members of the finance department, the director of internal audit, the Company's outside counsel and independent auditors. These meetings included private executive sessions between the Audit Committee and the Company's independent auditors and director of internal audit, respectively. During its meetings, the Audit Committee reviewed and discussed, among other things:

- the status of and any significant issues in connection with the quarterly reviews and annual audit of the Company's financial statements;
- the Company's annual internal and external audit plans and the internal and external staffing resources available to carry out the Company's audit plans;

* The report of the Audit Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under either the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended (together, the "Acts"), except to the extent that the Company specifically incorporates such report by reference; and further, such report shall not otherwise be deemed filed under the Acts.

- the Company's significant accounting policies and judgmental accrual policies;
- the Company's progress toward evaluating and documenting its internal controls pursuant to Section 404 of the Sarbanes-Oxley Act of 2002;
- the impact of new accounting pronouncements;
- the impact of recent developments in corporate governance; and
- current tax matters affecting the Company.

The Audit Committee has reviewed and discussed with management and the independent registered public accounting firm the Company's audited financial statements as of and for the year ended December 31, 2004. This discussion included, among other things:

- critical accounting policies and practices used in the preparation of the Company's financial statements;
- significant items involving management's estimates and judgments, including workers compensation reserves, allowances for doubtful accounts, and legal and regulatory contingencies;
- alternative treatments within GAAP of the Company's annual financial information;
- the effect of regulatory and accounting initiatives on the Company's financial statements, including the adoption of significant accounting pronouncements;
- any significant audit adjustments proposed by the independent accountants and management's response; and
- confirmation that there were no matters of significant disagreement between management and the independent auditors arising during the audit.

In addition to the meetings discussed above, the Audit Committee or its chairman reviewed with management and the Company's independent auditors the Company's financial statements for each quarter of 2004 prior to the quarterly release of earnings.

The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants. The Audit Committee has received and reviewed the written disclosures and the letter from the independent registered public accounting firm required by Independence Standard No. 1, *Independence Discussions with Audit Committees*, as amended, by the Independence Standards Board, and has discussed with the independent accountants the independent accountants' independence.

The Audit Committee has considered whether the provision of non-audit services by the Company's principal auditor is compatible with maintaining auditor independence and has concluded that such services are compatible with maintaining independence of the auditors. Based on the reviews and discussions referred to above, the Audit Committee believes that PricewaterhouseCoopers LLP has been objective and impartial in conducting the 2004 audits.

In performing all of the functions described above, the Audit Committee acts in an oversight capacity. In that role, the Audit Committee relies primarily on the work and assurances of our management, which has the primary responsibility for our financial statements and reports, and of the independent auditors who, in their report, express an opinion on the conformity of our annual financial statements to accounting principles generally accepted in the United States.

The Audit Committee has recommended to the Board of Directors that the financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2004 for filing with the Securities and Exchange Commission.

(a) **Reservation of Shares.** The shares of Common Stock reserved under this Plan will include reserved shares of Common Stock that are not subject to a grant or as to which the option award granted has been forfeited under the Former Plans, and an additional Four Million Six Hundred Fifty Thousand (4,650,000) Shares of Common Stock. Subject to the provisions of Section 4, the maximum aggregate number of Shares which may be awarded and delivered under the Plan shall not exceed Five Million Five Hundred Thousand (5,500,000) Shares (adjusted, proportionately, in the event of any stock split or stock dividend with respect to the Shares), and the maximum number which may be granted as Incentive Stock Options under the Plan shall not exceed Four Million (4,000,000) shares. The aggregate number of Shares available for issuance under the Plan will be reduced by 1.5

A-3

Shares for each Share delivered in settlement of any award of Restricted Stock, Restricted Stock Unit, or SAR and one Share for each Share delivered in settlement of an Option. The number of Shares underlying an Award not issued as a result of any of the following actions shall again be available for issuance under the Plan: (i) a payout of a Non-Tandem SAR, or a performance-based Restricted Stock Unit in the form of cash; or (ii) a cancellation, termination, expiration, forfeiture, or lapse for any reason (with the exception of the termination of a Tandem SAR upon exercise of the related Options, or the termination of a related Option upon exercise of the corresponding Tandem SAR) of any Award. The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan. Shares available for issuance under the Plan shall be increased by any shares of Common Stock subject to outstanding awards under the Former Plans on the date of shareholder approval of the Plan that later cease to be subject to such awards for any reason other than such awards having been exercised, subject to adjustment from time to time as provided in Section 5, which shares of Common Stock shall, as of the date such shares cease to be subject to such awards, cease to be available for grant and issuance under the Former Plans, but shall be available for issuance under the Plan. The Shares may be authorized but unissued, or reacquired shares of Common Stock.

(b) **Substitutions and Assumptions.** The Board or the Committee shall have the right to substitute or assume Awards in connection with mergers, reorganizations, separations, or other transactions to which Section 424(a) of the Code applies, provided such substitutions and assumptions are permitted by Section 424 of the Code and the regulations promulgated thereunder. The number of Shares reserved pursuant to Section 3(a) may be increased by a corresponding number of Awards assumed and, in the case of substitution, by the net increase in the number of Shares subject to Awards before and after the substitution.

(c) **Securities Law Compliance.** Shares shall not be issued pursuant to the exercise of an Award unless the exercise of such Award and the issuance and delivery of such Shares pursuant thereto shall comply with all relevant provisions of law, including, without limitation, the Securities Act of 1933, as amended, the Exchange Act, the rules and regulations promulgated under either such Act, and the requirements of any stock exchange or quotation system upon which the Shares may then be listed or quoted, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

4. **Adjustments to Shares Subject to the Plan.** If any change is made to the Shares by reason of any stock split, stock dividend, recapitalization, combination of shares, exchange of shares or other change affecting the outstanding Shares as a class without the Company's receipt of consideration, appropriate adjustments shall be made to (i) the maximum number and/or class of securities issuable under the Plan, (ii) the number and/or class of securities and/or the price per Share covered by outstanding Awards under the Plan, and (iii) the Maximum Annual Participant Award. The Committee may also make adjustments described in (i)-(iii) of the previous sentence in the event of any distribution of assets to shareholders other than a normal cash dividend. In determining adjustments to be made under this Section 4, the Committee may take into account such factors as it deems appropriate, including the restrictions of applicable law and the potential tax consequences of an adjustment, and in light of such factors may make adjustments that are not uniform or proportionate among outstanding Awards. Adjustments, if any, and any determinations or interpretations, including any determination of whether a distribution is other than a normal cash dividend, made by the Committee shall be final, binding and conclusive. The Committee in its discretion may provide holders of Restricted Stock or Restricted Stock Units a dividend equivalent right with respect to the Shares the Participant shall be entitled to receive or purchase. For purposes of this Section 4, conversion of any convertible securities of the Company shall not be deemed to have been "effected without receipt of consideration."

Except as expressly provided herein, no issuance by the Company of shares of any class, or securities convertible into shares of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of Shares subject to an Award.

5. **Plan Administration.**

(a) **Authority.** The Plan shall be administered by the Committee. The Committee shall have full and exclusive power to administer the Plan on behalf of the Board, subject to such terms and conditions as the Committee may prescribe. Notwithstanding anything herein to the contrary, the Committee's power to administer

A-4

the Plan, and actions the Committee takes under the Plan, shall be consistent with the provisions set forth in the Committee's charter, as such charter may be amended from time to time.

(b) **Powers of the Committee.** Subject to the other provisions of this Plan, the Committee shall have the authority, in its discretion:

to grant Incentive Stock Options, Nonqualified Stock Options, Restricted Stock, Restricted Stock Units, and SARs to Participants and to determine the terms and conditions of such Awards, including the determination of the Fair Market Value of the Shares and the exercise price (subject to Section 7(b)), and to modify or amend each Award, with the consent of the Participant when required;

to determine the Participants to whom Awards, if any, will be granted hereunder, the timing of such Awards, and the number of Shares to be represented by each Award;

to construe and interpret the Plan, the Awards granted hereunder, and any Award Agreement;

to prescribe, amend, and rescind rules and regulations relating to the Plan, including the form of Award Agreement, and manner of acceptance of an Award, such as correcting a defect or supplying any omission, or reconciling any inconsistency so that the Plan or any Award Agreement complies with applicable law, regulations and listing requirements and to avoid unanticipated consequences deemed by the Committee to be inconsistent with the purposes of the Plan or any Award Agreement;

to establish performance criteria for Awards made pursuant to the Plan in accordance with a methodology established by the Committee, and to determine whether performance goals have been attained;

to accelerate or defer (with the consent of the Participant) the exercise or vested date of any Award;

to authorize any person to execute on behalf of the Company any instrument required to effectuate the grant of an Award previously granted by the Committee;

to establish subplans, procedures or guidelines for the grant of Awards to Employees, Directors and Consultants;

to authorize the cancellation, forfeiture or suspension of an Award; and

to make all other determinations deemed necessary or advisable for the administration of the Plan;

Provided that, no consent of a Participant is necessary under clauses (i) or (vi) if a modification, amendment, acceleration, or deferral, in the reasonable judgment of the Committee confers a benefit on the Participant or is made pursuant to an adjustment in accordance with Section 4.

(c) **Effect of Committee's Decision.** All decisions, determinations, and interpretations of the Committee shall be final, conclusive and binding on all Participants, the Company, any shareholder and all other persons.

(d) **Delegation and Administration.** Consistent with the Committee's charter, as such charter may be amended from time to time, the Committee may delegate to one or more subcommittees consisting of members of the Committee or other Directors who are Independent Directors (any such committee a "Subcommittee") the administration of the Plan, and such administrator(s) may have the authority to directly, or under their supervision, execute and distribute agreements or other documents evidencing or relating to Awards granted by the Committee under this Plan, to maintain records relating to the grant, vesting, exercise, forfeiture or expiration of Awards, to process or oversee the issuance of Shares upon the exercise, vesting and/or settlement of an Award, to interpret the terms of Awards and to take such other actions as the Committee may specify. Any action by any such Subcommittee within the scope of such delegation shall be deemed for all purposes to have been taken by the Committee.

6. **General Eligibility.**

(a) **Awards.** Awards may be granted to Participants who are Employees, Directors or Consultants, provided however that Incentive Stock Options may only be granted to Employees.

A-5

(b) **Maximum Annual Participant Award.** The aggregate number of Shares with respect to which an Award or Awards may be granted to any one Participant in any one taxable year of the Company (the "Maximum Annual Participant Award") shall not exceed 1 million shares of Common Stock (adjusted, proportionately, in the

event of any stock split or stock dividend with respect to the Shares). If an Option is in tandem with a SAR, such that the exercise of the Option or SAR with respect to a Share cancels the tandem SAR or Option right, respectively, with respect to each Share, the tandem Option and SAR rights with respect to each Share shall be counted as covering but one Share for purposes of the Maximum Annual Participant Award.

(c) **No Employment/Service Rights.** Nothing in the Plan shall confer upon any Participant the right to an Award or to continue in service as an Employee or Consultant for any period of specific duration, or interfere with or otherwise restrict in any way the rights of the Company (or any Subsidiary employing or retaining such person), or of any Participant, which rights are hereby expressly reserved by each, to terminate such person's services at any time for any reason, with or without cause (as such term is defined in a Company subplan or an Award Agreement, as applicable).

7. **Grant, Terms and Conditions of Options.**

(a) **Designation.** Each Option shall be designated in an Award Agreement as either an Incentive Stock Option or a Nonqualified Stock Option. However, notwithstanding the foregoing, if an Option is not designated as an Incentive Stock Option, such Option will be deemed to be a Nonqualified Stock Option. To the extent that the aggregate Fair Market Value (determined at the time of grant) of the Shares with respect to which Options designated as Incentive Stock Options are exercisable for the first time by any Employee during any calendar year exceeds \$100,000, such excess Options shall be treated as Nonqualified Stock Options. For this purpose, Options shall be taken into account in the order in which they were granted.

(b) **Option Price.** The per Share exercise price under an Incentive Stock Option (i) granted to a Ten Percent Shareholder, shall be no less than 110% of the Fair Market Value per Share on the date of grant, or (ii) granted to any other Participant, shall be no less than 100% of the Fair Market Value per Share on the date of grant. The per Share exercise price under a Nonqualified Stock Option or SAR shall be no less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant. In no event shall the Board or the Committee be permitted to Reprice an Option after the date of grant.

(c) **Term of Options.** The term of each Incentive Stock Option shall be no more than ten (10) years from the date of grant. However, in the case of an Incentive Stock Option granted to a Ten Percent Shareholder, the term of the Option shall be no more than five (5) years from the date of grant. The term of all Nonqualified Options shall be seven (7) years unless otherwise provided by the Committee in its discretion.

(d) **Vesting.** To the extent Options vest and become exercisable in increments, unless otherwise provided in the applicable Award Agreement or any severance agreement (i) such Options shall cease to vest upon a Participant's Disability or termination of such Participant's Continuous Status as a Participant (other than upon a Participant's death), and (ii) such Options shall immediately vest in full upon a Participant's death.

(e) **Substitution of SARs for Options.** Notwithstanding the foregoing, if the Company is required to or elects to expense the cost of Options pursuant to FAS 123 (or a successor or other standard), the Committee shall have the sole discretion to substitute without receiving Participants' permission, SARs paid only in stock for outstanding Options; provided, the terms of the substituted stock SARs are the same as the terms of the Options, the number of shares underlying the number of stock SARs equals the number of shares underlying the Options and the difference between the Fair Market Value of the underlying Shares and the grant price of the SARs is equivalent to the difference between the Fair Market Value of the underlying Shares and the exercise price of the Options.

(f) **Exercise.** Any Option granted hereunder shall be exercisable at such times and under such conditions as determined by the Committee at the time of grant, and as shall be permissible under the terms of the Plan. No fractional Shares may be issued or delivered pursuant to the Plan or any Award.

A-6

8. **Grant, Terms and Conditions of Stock Awards.**

(a) **Designation.** Restricted Stock or Restricted Stock Units may be granted under the Plan. Restricted Stock or Restricted Stock Units may include a dividend equivalent right, as permitted by Section 4. After the Committee determines that it will offer Restricted Stock or Restricted Stock Units, it will advise the Participant in writing or electronically, by means of an Award Agreement, of the terms, conditions and restrictions, including vesting, if any, related to the offer, including the number of Shares that the Participant shall be entitled to receive or purchase, the price to be paid, if any, and, if applicable, the time within which the Participant must accept the offer. The offer shall be accepted by execution of an Award Agreement or as otherwise directed by the Committee. Restricted Stock Units may be paid as permitted by Section 10(b). The term of each award of Restricted Stock or Restricted Stock Units shall be at the discretion of the Committee.

(b) **Restrictions.** Subject to Section 8(c), the Committee may impose such conditions or restrictions on the Restricted Stock or Restricted Stock Units granted pursuant to the Plan as it may determine advisable, including the achievement of specific performance goals, time based restrictions on vesting, or others. If the Committee established performance goals, the Committee shall determine whether a Participant has satisfied the performance goals.

(c) **Performance Criteria.** Restricted Stock and Restricted Stock Units granted pursuant to the Plan that are intended to qualify as "performance based compensation" under Section 162(m) of the Code shall be subject to the attainment of performance goals relating to the Performance Criteria selected by the Committee and specified at the time such Restricted Stock and Restricted Stock Units are granted. For purposes of this Plan, "Performance Criteria" means one or more of the following (as selected by the Committee): (i) cash flow; (ii) earnings per share; (iii) earnings before interest, taxes, and amortization; (iv) return on equity; (v) total shareholder return; (vi) share price performance; (vii) return on capital; (viii) return on assets or net assets; (ix) revenue; (x) revenue growth; (xi) earnings growth; (xii) operating income; (xiii) operating profit; (xiv) profit margin; (xv) return on operating revenue; (xvi) return on invested capital; (xvii) market price; (xviii) brand recognition; (xix) customer satisfaction; (xx) operating efficiency; or (xxi) productivity. Any of these Performance Criteria may be used to measure the performance of the Company as a whole or any business unit or division of the Company.

(d) **Vesting.** Unless the Committee determines otherwise, the Award Agreement shall provide for the forfeiture of the non-vested Shares underlying Restricted Stock or the termination of Restricted Stock Units upon cessation of a Participant's Continuous Status as a Participant, and the Shares underlying Restricted Stock and Restricted Stock Units shall vest in full immediately upon death. To the extent that the Participant purchased the Shares granted under any such Restricted Stock award and any such Shares remain non-vested at the time of cessation of a Participant's Continuous Status as a Participant, the cessation of Participant's Continuous Status as a Participant shall cause an immediate sale of such non-vested Shares to the Company at the original price per Share paid by the Participant. Non-vested Shares underlying Restricted Stock and Restricted Stock Units shall vest in full immediately upon death.

9. **Grant, Terms and Conditions of SARs.**

(a) **Grants.** The Committee shall have the full power and authority, exercisable in its sole discretion, to grant SARs to selected Participants. The Committee is authorized to grant both tandem stock appreciation rights consisting of SARs with underlying Options ("Tandem SARs") and stand-alone stock appreciation rights consisting of SARs not tied to underlying Options ("Stand-Alone SARs"). The term of a SAR shall be at the discretion of the Committee. In no event shall the Board or the Committee be permitted to Reprice a SAR after the date of grant without shareholder approval.

(b) **Tandem SARs.**

(i) Participants may be granted a Tandem SAR, exercisable upon such terms and conditions as the Committee shall establish, to elect between the exercise of the underlying Option for Shares or the surrender of the Option in exchange for a distribution from the Company in an amount equal to the excess of (A) the Fair Market Value (on the Option surrender date) of the number of Shares in which the Participant is at the time vested

under the surrendered Option (or surrendered portion thereof) over (B) the aggregate exercise price payable for such vested Shares.

(ii) No such Option surrender shall be effective unless it is approved by the Committee, either at the time of the actual Option surrender or at any earlier time. If the surrender is so approved, then the distributions to which the Participant shall become entitled under this Section 9(b) may be made in Shares valued at Fair Market Value (on the Option surrender date), in cash, or partly in Shares and partly in cash, as the Committee shall deem appropriate.

(iii) If the surrender of an Option is not approved by the Committee, then the Participant shall retain whatever rights he or she had under the surrendered Option (or surrendered portion thereof) on the Option surrender date and may exercise such rights at any time prior to the later of (A) five (5) business days after the receipt of the rejection notice or (B) the last day on which the Option is otherwise exercisable in accordance with the terms of the instrument evidencing such Option, but in no event may such rights be exercised more than ten (10) years after the date of the Option grant.

(c) **Stand-Alone SARs.**

(i) A Participant may be granted a Stand-Alone SAR not tied to any underlying Option under Section 7 of the Plan. The Stand-Alone SAR shall cover a specified number of Shares and shall be exercisable upon such terms and conditions as the Committee shall establish. Upon exercise of the Stand-Alone SAR, the holder shall be entitled to receive a distribution from the Company in an amount equal to the excess of (A) the aggregate Fair Market Value (on the exercise date) of the Shares underlying the exercised right over (B) the aggregate base price in effect for those Shares.

(ii) The number of Shares underlying each Stand-Alone SAR and the base price in effect for those Shares shall be determined by the Committee at the time the Stand-Alone SAR is granted. In no event, however, may the base price per Share be less than the Fair Market Value per underlying Share on the grant date.

(iii) The distribution with respect to an exercised Stand-Alone SAR may be made in Shares valued at Fair Market Value on the exercise date, in cash, or partly in Shares and partly in cash, as the Committee shall deem appropriate.

10. Procedure for Exercise; Rights as a Shareholder.

(a) **Procedure.** An Award shall be exercised when written, electronic or verbal notice of exercise has been given to the Company, or the brokerage firm or firms approved by the Company to facilitate exercises and sales under this Plan, in accordance with the terms of the Award by the person entitled to exercise the Award and full payment for the Shares with respect to which the Award is exercised has been received by the Company or the brokerage firm or firms, as applicable. The notification to the brokerage firm shall be made in accordance with procedures of such brokerage firm approved by the Company. Full payment may, as authorized by the Committee, consist of any consideration and method of payment allowable under the terms of this Plan. The Company shall issue (or cause to be issued) such share certificate promptly upon exercise of the Award. In the event that the exercise of an Award is treated in part as the exercise of an Incentive Stock Option and in part as the exercise of a Nonqualified Stock Option pursuant to Section 7(a), the Company shall issue a share certificate evidencing the Shares treated as acquired upon the exercise of an Incentive Stock Option and a separate share certificate evidencing the Shares treated as acquired upon the exercise of a Nonqualified Stock Option, and shall identify each such certificate accordingly in its share transfer records. No adjustment will be made for a dividend or other right for which the record date is prior to the date the share certificate is issued, except as provided in Section 4 of the Plan.

(b) **Method of Payment.** The consideration to be paid for any Shares to be issued upon exercise or other required settlement of an Award, including a method of payment, shall be determined by the Committee at the time of settlement, and which forms may include: (i) check; (ii) wire transfer; (iii) tender of shares of Common Stock owned by the Participant in accordance with rules established by the Committee from time to time; and (iv) a request that the Company or a designated brokerage firm conduct a cashless exercise of the Option. Shares used

to pay the Option Price shall be valued at their Fair Market Value on the exercise date. Payment of the aggregate Option Price by means of tendering previously-owned shares of Common Stock shall not be permitted when the same may, in the reasonable opinion of the Company, cause the Company to record a loss or expense as a result thereof.

(c) **Withholding Obligations.** To the extent required by applicable federal, state, local or foreign law, the Committee may and/or a Participant shall make arrangements satisfactory to the Company for the satisfaction of any withholding tax obligations that arise with respect to any Incentive Stock Option, Nonqualified Stock Option, SAR, Restricted Stock or Restricted Stock Units, or any sale of Shares. The Company shall not be required to issue Shares or to recognize the disposition of such Shares until such obligations are satisfied. These obligations may be satisfied by having the Company withhold a portion of the Shares that otherwise would be issued to a Participant under such Award (provided, however, that no Shares are withheld with a value exceeding the minimum amount of tax required to be withheld by law) or by tendering Shares previously acquired by the Participant in accordance with rules established by the Committee from time to time.

(d) **Shareholder Rights.** Except as otherwise provided in this Plan, until the issuance (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company) of the share certificate evidencing such Shares, no right to vote or receive dividends or any other rights as a shareholder shall exist with respect to the Shares subject to the Award, notwithstanding the exercise of the Award.

(e) **Non-Transferability of Awards.** An Award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in exchange for consideration, and may not be transferred other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Participant, only by the Participant; unless the Committee permits further transferability, on a general or specific basis, in which case the Committee may impose conditions and limitations on any permitted transferability.

11. Expiration of Awards.

(a) **Expiration, Termination or Forfeiture of Awards.** Unless otherwise provided in the applicable Award Agreement or any severance agreement, vested Awards granted under this Plan shall expire, terminate, or otherwise be forfeited as follows:

(i) ninety (90) days after the date of termination of a Participant's Continuous Status as a Participant other than in circumstances covered by (ii), (iii), (iv) or (v) below;

(ii) immediately upon termination of a Participant's Continuous Status as a Participant for cause (as defined in a Company subplan or Award Agreement, as applicable);

(iii) twelve (12) months after the date on which a Participant ceased performing services as a result of his or her Disability; and

(iv) twelve (12) months after the date of the death of a Participant who was a Participant whose Continuous Status as a Participant terminated as a

result of his or her death.

(b) **Extension of Term.** Notwithstanding subsection (a) above, the Committee shall have the authority to extend the expiration date of any outstanding Options or SARs other than an Incentive Stock Option in circumstances in which it deems such action to be appropriate (provided that no such extension shall extend the term of an Option or SAR beyond the date on which the Award would have expired or been forfeited if there had been no termination of the Employee's Continuous Status as a Participant).

12. Term, Amendment and Termination of the Plan.

(a) **Term of Plan.** The Plan shall become effective as of the Effective Date. It shall continue in effect until the tenth anniversary of the Effective Date or until terminated under this Section 12 of the Plan or extended by an amendment approved by the shareholders of the Company pursuant to Section 12(a).

(b) **Amendment and Termination.** The Board or the Committee may amend or terminate the Plan from time to time in such respects as the Board may deem advisable (including, but not limited to amendments which

A-9

the Board deems appropriate to enhance the Company's ability to claim deductions related to stock option exercises); provided that to the extent required by the Code or the rules of the NYSE or the SEC, shareholder approval shall be required for any amendment of the Plan. Subject to the foregoing, it is specifically intended that the Board or Committee may amend the Plan without shareholder approval to comply with legal, regulatory and listing requirements and to avoid unanticipated consequences deemed by the Committee to be inconsistent with the purpose of the Plan or any Award Agreement.

(c) **Participants in Foreign Countries.** The Committee shall have the authority to adopt such modifications, procedures, and subplans as may be necessary or desirable to comply with provisions of the laws of foreign countries in which the Company or its Subsidiaries may operate to assure the viability of the benefits from Awards granted to Participants performing services in such countries and to meet the objectives of the Plan.

(d) **Effect of Amendment or Termination.** Any such amendment or termination of the Plan shall not affect Awards already granted and such Awards shall remain in full force and effect as if this Plan had not been amended or terminated, unless mutually agreed otherwise between the Participant and the Committee, which agreement must be in writing and signed by the Participant and the Company.

(e) **Shareholder Approval.** The Plan is subject to approval by the shareholders of the Company in accordance with applicable NYSE rules.
