#### FOR IMMEDIATE RELEASE:

## LABOR READY REPORTS FOURTH QUARTER 2006 RESULTS

TACOMA, WA, January 31, 2007—Labor Ready, Inc. (NYSE: LRW) today reported revenue for the fourth quarter ended Dec. 29, 2006 of \$338.1 million, an increase of .3 percent from \$337.2 million for the fourth quarter of 2005. Net income for the fourth quarter of \$21.6 million, or \$0.42 per diluted share, increased from \$15.4 million, or \$0.28 per diluted share, during the same quarter a year ago.

Included in net income for the fourth quarter is \$.02 per diluted share resulting from retroactive approval of the Work Opportunity tax credit and \$.06 from the resolution of other tax matters which were accrued in earlier periods. Excluding the tax related items of \$.08 per diluted share, net income would have been \$17.4 million, an increase of 13 percent over the same quarter a year ago.

"Several of our operating markets have experienced revenue declines from a slowing economic environment," said Labor Ready CEO Steve Cooper. "While we are focused on selling into multiple industries, the downward trends in new home construction experienced during the third and fourth quarters of 2006 have expanded to other industries and continued into the first quarter of 2007."

Cooper continued, "Although we expect a decline in revenue during the first half of 2007, we are as confident as ever that the fundamental demand for our services is sound, and we are just working through cyclical adjustments in the labor markets, particularly construction."

Revenue for the quarter from branches open 12 months or longer declined 2.2 percent over the comparable period a year ago, while branches opened in the past 12 months contributed growth of 2.7 percent.

Gross profit as a percentage of revenue remained strong at 32.6 percent, equal to the same quarter a year ago. The strong gross margin is a result of controlled workers' compensation costs along with strong pricing controls.

"Our safety programs continue to produce industry-leading reductions in claim frequency," said Cooper. According to Cooper, claim frequency has decreased approximately 15 percent year-to-date in comparison with the same period last year and is down approximately 40 percent since the beginning of 2003.

During the quarter the company repurchased 1.6 million of its outstanding shares for \$29 million. In 2006, the company repurchased a total of 4.2 million of its outstanding shares for \$89 million.

Labor Ready opened two new branches and closed 16 branches during the quarter resulting in 912 branches in operation at the end of 2006. The closures were concentrated in the United States and consolidated underperforming branches. The company opened 50 new branch locations in 2006, including 24 Labor Ready branches, 16 CLP Resources branches, and 10 Spartan Staffing branches. For 2007, the company is reducing the number of new branch locations to 20 from its previous estimate of 40.

For the first quarter of 2007, Labor Ready estimates revenue in the range of \$280 million to \$285 million, with net income per diluted share for the quarter in the range of \$1.4 to \$1.6. Revenue for the year 2007 is estimated to be in the range of \$1.34 billion to \$1.36 billion and net income per diluted share in the range of \$1.25 to \$1.30.

Management will discuss fourth quarter 2006 results on a conference call at 2 pm (PT), Wednesday Jan. 31, 2007. The conference call can be accessed on Labor Ready's web site: www.laborready.com.

This news release contains forward-looking statements, such as statements about the ranges of revenues, gross margins and net income anticipated for future periods, improvements in safety and workers' compensation claims and costs, strategies for increasing revenue and net income, and other factors that may affect Labor Ready's financial results and operations in the future. Labor Ready's actual results are, however, subject to a number of risks, including without limitation the following: 1) national and global

economic conditions; 2) Labor Ready's ability to continue to attract and retain customers and maintain profit margins in the face of new and existing competition; 3) potential new laws and regulations that could have a materially adverse effect on Labor Ready's operations and financial results; 4) significant labor disturbances which could disrupt industries Labor Ready serves; 5) increased costs and collateral requirements in connection with Labor Ready's insurance obligations, including workers' compensation insurance; 6) the adequacy of Labor Ready's financial reserves; 7) Labor Ready's continuing ability to comply with financial covenants in its lines of credit and other financing agreements; 8) Labor Ready's ability to attract and retain competent employees in key positions or to find temporary employees or skilled trade workers to fulfill the needs of our customers; 9) Labor Ready's ability to successfully complete and integrate acquisitions that it may make from time to time; 10) Labor Ready's ability to timely execute strategies for acquired companies; and 11) other risks described in Labor Ready's filings with the Securities and Exchange Commission, including its most recent Form 10-K and Form 10-Q filings.
